1. Agreement to Sell and Purchase Energy. This is an agreement between Brown's Energy Services, LLC for electricity and/or Brown's Fuel Service, LLC for gas (collectively and/or individually as the case may be hereafter "Brown's" or the "Company") an independent Energy Services Company, and the undersigned Customer ("Customer") under which Customer shall initiate natural gas and/or electricity service and begin enrollment with Brown's (the "Agreement"). Subject to the terms and conditions of this Agreement, Brown's agrees to sell and deliver, and Customer agrees to purchase and accept the quantity of natural gas and/or electricity, as estimated by Brown's, necessary to meet Customer's requirements based upon consumption data obtained by Brown's or the delivery schedule of the Local Distribution Utility (the "LDC"). Brown's is not affiliated with and does not represent the LDC. The amount of natural gas and/or electricity supplied under this Agreement is subject to change based upon data reflecting Customer's consumption obtained by Brown's or the LDC's delivery schedule. The LDC will continue to deliver the natural gas and/or electricity supplied by Brown's.

2. Term. For all variable rate products, service shall commence as of the date Customer's notice regarding the change of Customer's provider to Brown's is deemed effective by the LDC, and shall continue for 30 days thereafter (the "Initial Term"). Upon expiration of the Initial Term, the Agreement will renew on a month-to-month basis (each such month, a "Renewal Term") with no change to remaining terms. If the Customer is receiving variable rate service, either party may cancel or terminate this Agreement with no cancellation fee by providing 30 days' advance written notice of termination to the other party.

At least 30 days and no more than 60 days prior to the renewal date, the Company will notify Customer in writing of the terms of renewal of this Agreement and of the Customer's right to renew, reject or renegotiate this Agreement. Customer shall have 3 business days from receipt of the first billing statement of the Renewal Term to reject renewal terms and cancel the renewal agreement. While receiving service on a month-to-month basis, such notification will be provided only for the first renewal occurring at the end of the Initial term, and Customer or the Company may cancel or terminate this Agreement by providing 30 days' advance written notice of termination to the other party.

3. Pricing, Billing and Termination. The price for products sold under this Agreement is described on the Customer Disclosure Statement. In addition, the following conditions apply:

- Variable Rate Renewable Electricity: Prices are subject to change each month. This product does not guarantee savings.
- Home Warranty + Surge Protection Natural Gas Variable Rate 12 Month: The home warranty plus surge protection natural gas variable rate product is not subject to any price cap and does not guarantee savings. Benefits of this programs are discussed under the Home Warranty section below. This product requires a commitment from the customer of at least 12 months.

For all Products with a Term of 30 days there is no Early Termination Fee ("ETF"). If there is a material adverse change in the business or financial condition of Customer (as determined by Brown's at its discretion) or if Customer fails to meet its obligations under this Agreement or pay or post any required security deposit, then, in addition to any other remedies that it may have, Brown's may terminate this Agreement upon 15 days' written notice to Customer. If Customer terminates this Agreement prior to the end of the Initial or Renewal Term or if Brown's terminates this Agreement due to Customer's breach, the Customer shall pay Brown's, in addition to any other applicable charges, a cancellation fee equivalent to the multiplication of the (i) difference between the fixed price set forth in this Agreement and the calculation by Brown's of the fixed price at the date of termination; and (ii) the estimated volumes for the remainder of the Initial or Renewal Term, as applicable, using the actual volumes received by Customer for the prior 12 month period as the volumes used in determining damages.

The LDC will invoice the Customer monthly for natural gas and/or electricity supplied under this Agreement, as well as all LDC delivery related rates and charges. Customer payments remitted in response to a consolidated bill shall be pro-rated (when so required) in accordance with procedures adopted by the New York State Department of Public Service (the "DPS"). Brown's may assign and sell Customer accounts receivable to the LDC. In the event of failure to remit payment when due by a residential Customer, Brown's may terminate commodity service and seek suspension of distribution service in conformance with the Home Energy Fair Practices Act ("HEFPA"). Failure by a commercial Customer to make full payment of Brown's charges due on any consolidated bill prepared by the LDC for Brown's will be grounds for disconnection of utility services in accordance with NYPSC rules and regulations on the termination of service to non-residential Customers, 16 NYCRR Section 13.3. Customer shall be liable for all costs of collection including the late payment interest rate set forth in this Agreement, reasonable attorneys' fees (if suit is filed) and reasonable collection agency fees. A \$30 fee will be charged for all returned payments.

4. Renewable Electric Program. Your electricity usage is matched by the generation of energy from renewable resources by retiring renewable energy certificates ("RECs"). RECs represent the environmental attributes associated with the applicable amount of renewable energy generation from various renewable sources that comply with the appropriate locational and delivery requirements. RECs will be purchased and retired to satisfy the percentage of renewable generation guaranteed by this agreement. New York State requires that the renewable mix provided under this agreement must be at least 50% greater than the applicable Renewable Energy Standard ("RES") obligation for the current year. In order to satisfy the terms of this contract, at least 50% greater than the applicable RES obligation of the RECs must be purchased from eligible renewable generators through NYGATS; by purchasing Tier 1 RECs from NYSEERDA; by procuring RECs from eligible renewable generators through bilateral contracts; by entering into bundled energy and REC purchase agreements with eligible renewable generators; or by making Alternative Compliance Payments to NYSEERDA.

5. Assignment. Customer may not assign its interests in and delegate its obligations under this Agreement without the express written consent of Brown's. Brown's may sell, transfer, pledge, or assign the accounts, revenues, or proceeds hereof, in connection with any financing agreement or receivables purchase program, and may assign this Agreement to another energy supplier, energy services company or other entity as authorized by the DPS, upon thirty (30) days' notice to Customer.

6. Information Release Authorization. Customer authorizes Brown's to obtain and review information regarding Customer's credit history from credit reporting agencies and the following information from the LDC: consumption history; billing determinants; account number; credit information; public assistance status; existence of medical emergencies, status as to whether Customer has a medical emergency, is human needs, elderly, blind or disabled and data applicable to cold weather periods under PSL § 32 (3); and information pertaining to PSL § 33, tax status and eligibility for economic development or other incentives. This information may be used by Brown's to determine whether it will commence and/or continue to provide energy supply service to Customer and will not be disclosed to a third party unless required by law. Customer's execution of this Agreement shall constitute authorization for the release of this information to Brown's. This authorization will remain in effect during the Initial Term and any Renewal Term. Customer may rescind this authorization at any time by providing written notice thereof by calling Brown's at 1-855-276-9673. Brown's reserves the right to cancel this Agreement in the event Customer rescinds the authorization.

Brown's will provide at least 15 days' notice prior to the cancellation of service to Customer. In the event of non-payment of any charges owed to Brown's, a residential Customer may be subject to termination of commodity service and the suspension of distribution service under procedures approved by the DPS. Customer may obtain additional information by contacting Brown's at 1-855-276-9673 or the DPS at 1-800-342-3377, or by writing to the DPS at: New York State Department of Public Service, Office of Consumer Services, Three Empire State Plaza, Albany, New York 12223, or through its website at: www.dps.ny.gov.
